PACKING AND MARKS:

Pistachios are packed in 10kg vacuum packed cartons or 25 kg bags as ordered. The bags or cartons will be marked with the name of the Manufacturer, product description, grade, net weight, production/lot number, packed date and buyer's shipping marks as requested.

GMO STATUS

Pistachios are GMO free

CERTIFICATIONS

GBC is HACCP certified. The supplier is HACCP and Halal certified.

STORAGE

The goods should be stored in original packaging in cool storage at 5 to 12 deg C to maximise shelf life and inhibit microbiological growth, insect infestations or oxidative rancidity. Relative humidity of the cold store should be between 60% to 65% RH. The store should be clean, dry, and protected against moisture, insects and rodents and stored away from any strong odour. Product should be stored on pallets to avoid direct contact concrete floors, product should not be stored directly on or against brick walls. Ambient storage can also be used but is not recommended for extended periods of time. The goods should be checked regularly for any change in quality.

SHELF LIFE

The shelf life shall be 24 months from time of packing for goods kept in the recommended storage conditions as above.

INGREDIENTS

Pistachios – 100%
